PACKING TIPS

- Items with "*" beside them can be purchased in the [camp store](#)
- 1 Week campers (1W) should note special instructions in brackets
- Pack old clothing - things get lost!
- Mark everything (especially shoes) with your camper's full name
- We recommend that you *spray your camper's clothes with an insect repellent designed for clothing before you pack them in her luggage*. This will last several washes.

Yep, it's a lot to pack, but rest assured, everytime she uses something on this list she will have a big smile on her face.
